WEB APPLICATION | AUDIT CERTIFICATE

This is to certify that 'Directorate General of Mines Safety' web application of 'Soma Department (DGMS)' has been tested & audited by Dreamworks Infotech Pvt Ltd. Herein, a security assessment was conducted for the scope defined of Web Application. Dreamworks Infotech Pvt Ltd reviewed and found to be effective and compliant with industry standards security and as per CERT-In (Indian Computer Emergency Response Team) guidelines.

Certificate No: DWI/IS/2025-26/05/33

Application Hash: SHA 256:094E99E488645F7B7AEF3CA46A34F1318C13F807276F217BBCA9189652A1F64A

Reference Document ID: DWI/IS/DGMS/WEB/25-26/26

Site URL: <https://dgms.gov.in/>

Test URL: <http://117.252.250.154/>

Audit Timeline: 06th May 2025 to 23rd May 2025

Audit Performed by: Praveen Kr Kachhap, Anmol Akash Khalkho.

Scope of Audit: Gray box security assessment of 'Directorate General of Mines Safety'

Out-of-scope Audit: Security assessment of the hosting infrastructure (servers, network, database, etc.) and the source code of the application.

Conclusion:

With comprehensive testing against OWASP Top 10 and other known web application vulnerabilities, while adhering to CERT-In testing standards, the aforementioned testing URL has been deemed **safe for hosting**.

Recommendation:

- ✓ Site's '**root**' folder must be hosted with the '**Read**' permissions.
- ✓ The application's '**root**' folder is to be deployed over SSL.
- ✓ Web server and OS-level hardening need to be in place for the production server.
- ✓ The uploaded files (images) are stored in file system. 'Read' and 'Write' permissions should be granted to 'folders' where files are stored. "Execute" permission should not be granted to this above folder.
- ✓ The application should connect with the database using a low-privileged database user having minimum required database privileges.
- ✓ Directory browsing should be disabled
- ✓ Credentials used during testing should be mandatorily changed in the production environment.
- ✓ The application should be upgraded to the latest stable version of Server during production deployment
- ✓ Dreamworks Infotech Private Limited Re-Audit the web application, at least annually

Note: This certificate is valid until there are no additional changes in the web application or up to one year from the date of issuance, whichever is earlier. As the Cyber Security scenario is volatile and subject to new Cyber-attacks on an ongoing basis, these reviews/findings reflect the status of security assessments as of the assessment date.
