

NOTICE

Upon scrutiny of the slot-booking process in the Verification and Certification Portal of DGMS, it has been observed that slots were repeatedly booked and subsequently cancelled through a few specific candidate IDs. Further verification revealed that such registrations and bookings were being carried out using irrelevant, invalid or non-genuine documents, thereby causing hindrance to genuine candidates in availing slot-booking facilities and adversely affecting the certification process.

In view of the above, it is hereby formally warned that only genuine stakeholders shall register and utilize the DGMS Verification and Certification Portal. Any registration or booking made using false, fabricated, irrelevant, or non-genuine credentials/documents shall be viewed seriously.

It is further informed that the Board of Mining Examinations (BME) reserves the right to initiate appropriate legal or administrative action against any individual/user whose credentials, registrations, or activities are found to be non-genuine or fraudulent upon verification.

All stakeholders are advised to ensure responsible and legitimate use of the portal in the interest of maintaining transparency, efficiency, and fairness in the certification process.
