SAFETY ALERT: 28

Parasia, dated 27 - 11 - 2025

SUBJECT: Fatal accident occurred due to Fall of person (0999) during pumping operation at Pump Station at 1650Level of 01st Vertical Shaft of (UG) mine.

1. Name of Mine : U kwa Manganese Mine
2. Name of Owner : M/s MOIL
District : Balaghat
State : Madhya Pradesh
3. Mineral : Manganese
4. Date and time of accident : 19.06.2025 (09:30 Hours)
5. Place of accident : Pump Station at 1650Level of 01st Vertical Shaft
6. Killed : Name: Vinay Khandeshwar
Designation: Contractor worker
Age: 30 Years
Experience: 01 year and 2 months
7. Seriously Injured : Nil
8. Brief Cause : "While a contractual workman was standing on pump foundation to operate the butte valve, at a height of 1.8m above the running pump in an underground metalliferous mine, suddenly his legs slipped and he fell on the running motor-pump connecting shaft coupler, his body was dragged around it causing grave injuries to which he succumbed while being transported from underground to surface".
9. Sketch showing the accident:

10. Best Practices

- : a) The motor-pump connecting shaft coupler been properly fenced by suitable guard of substantial construction and securely kept in position.
- b) The butterfly valve used to open the delivery pipeline of the 167HP pump at 1.8m height been kept properly greased and maintained.
